Roth to join police

The Antioch Village Board approved the hiring of Ronald Roth as the police department's new patrolman.

Roth, 23, has been in police work for six years, said Police Chief Chuck Miller. He began his career in the military.

Currently working for the North Chicago Police Dept. and living in the outskirts of

Lake Bluff, Roth will begin work in Antioch August 13.

ROTH WAS CHOSEN out of several candidates because he had the "best background check," Miller said. The chief described him as "very favorable."

In other action the board recommended that Ken Cichon be appointed probationary firefighter on the Antioch Fire Dept.

THE BOARD also passed a resolution authorizing the mayor and village clerk to execute an application for a permit to clean and deepen the existing channel of Sequoit Creek from Tiffany Rd. to Hillside Ave.

The creek will be relocated from Tiffany Rd. to the north line of Smart's Ridgemoor Manor subdivision.

Culverts will be replaced at Highview Dr. and Tiffany Rd.

Maxwell St. Days to begin August 2

Maxwell St. Days will soon begin and shoppers will be able to get the bargains they've been waiting for during the year.

Dixie Sparks, executive secretary for the Antioch Chamber of Commerce and Industry said that people "look forward to it every year."

The annual bargain days will be held August 2, 3 and 4 during store hours. Maxwell St. Days is sponsored by the Retail Committee of the Chamber.

"Merchants put all of their sale items on

the sidewalk" for the special days, Sparks said.

"People come from all over looking forward to it every year," she said. Many people hear about it by word of mouth, she added. "Everybody knows about it."

Sparks said she knew people who buy gifts during Maxwell St. Days to get the best bargains.

Music will be played during the sale, she added.

"It's a chance for people to see what Antioch has to offer."

Skidmore drives to check Channel-Oakland distance

The tentative budget was approved by the Antioch grade school board.

Future discussion of the budget will take place at the board's August 7 meeting.

"Last year the district spent \$1,965,212.86 in the Education Fund," said Antioch Upper Grade School Superintendent Donald Skidmore. "Next year we are proposing a budget of \$2,277,241 or \$312,000 more than was spent in 1978-79."

"HOWEVER, \$195,000 of the \$312,000 increase is in janitors and maintenance salaries which previously had been charged to the Building Fund," Skidmore said.

"In effect then, we are asking the board to approve an increase expenditure of \$126,000 or six per cent in the Education Fund. That is a small increase when one considers the recent cost of inflation," he added.

"Almost all of our personnel have participated in the development of the proposed budget," he said.

"IT INCLUDES all of the board preapproved textbook purchases as well as the personnel authorized by the board," he said.

"It also includes some major purchases of equipment for our existing kitchens."

Supt. Skidmore drove a school bus to "personally check out the distances and time involved in trans-

porting the children from Channel Lake to Oakland as well as comparing the time element involved from Channel Lake to Antioch."

HE FOUND THAT the distance from Oakland to Channel Lake is 7.9 miles and takes 12 minutes.

The distance from Antioch to Channel Lake was 4.1 miles and took nine minutes.

"I might add that the time from Antioch to Channel Lake is probably on the low side as I was able to get out of the parking lot quickly and traffic was light downtown," he added.

Ron Chilcote, business manager for elementary schools and board member Bruce Jablonski accompanied Skidmore.

FOUR RESIGNATIONS were received by the board.

Toni Schramm, a teacher at the Antioch Upper Grade School, took a position at Lake Forest High School. Her resignation was not acted upon by the board.

The resignation of Marian Radke was accepted. She was head cook at Oakland before moving to Iowa to retire.

John Estep, a social studies teacher at Antioch Upper Grade School, has accepted a position at Libertyville High School.

LANGUAGE ARTS teacher Mary Fritsch resigned to go into private business.

Cardiss' host family reunion

The Drew family reunion had a family member present who is currently living in Saudi Arabia.

Phyllis and William Cardiss hosted the annual reunion at their Channel Lake home.

About 30 people attended the picnic, including the neice living in Saudi Arabia, Mrs. Gloria Stupay, who has been living there for a year. Mrs. Stupay was born in Chicago.

Most of the relatives were from Chicago, but a sister was present from West Frankfurt, Mrs. Cardiss said.

Playing volleyball, going boating and having a picnic dinner together were some of the activities they enjoyed.

"Both sides" of the Cardiss family have family reunions at different times, she said. The Cardiss plan a trip to Indiana for her husband's family reunion, Mrs. Cardiss said.

Charged with being drunk and disorderly, Herman Tembrogan was fined one hundred dollars and costs this morning, after "Tem" and Ben Slatland, his companion in Wednesday's drinking orgie, had spent the night in jail. Tembrogan resisted arrest yesterday when Marshal Simonsen was called to the flat. The pair who had imbibed too freely, were making things extremely uncomfortable for Mrs. Tembrogan and she appealed for help. "Tem" was conquered and placed in jail, where he had plenty of time to think it over until this morning.

Antioch loses in swim meet

Antioch lost to McHenry in the closest scoring swim meet of the season at Antioch. Though the swimmers from Antioch won three of the last 4 events there was just no way to make up the two points that won the meet.

Shelly Volling was a triple winner in 14 and under back, free, and fly. Dave Volling won two individual events, 18 and under, back and free and the free relay.

Sue Harrison took 16 and under fly and free and the free relay. Matt Zavaski won two in eight and under breast and back. Carol Berry took firsts in 18 and under free and back.

Other first place winners were eight and under: Kim

Zamudio, breast and Derek Wogsland, free, 10 and under: Brian White, breast, 12 and under: Kerry Kelly, free and Kaky Kelly, fly and 14 and under: Craig White, free.

Also, 16 and under: John Bellucci, breast and Judy Houghton, breast, 18 and under: Jack Fields, breast and Sheryl Harrison, fly.

The winning relays were:

12 and under free: Kaky Kelly, Joel Bellucci, Brian Wogsland and Kerry Kelly, 16 and under free: Mitch Kruczek, Bob Sutton, Sue Harrison, Jenny Czaplewski and 18 and under free: Jack Fields, Karen Shepard, Sheryl Harrison and Dave Volling.

Dixon said that Secretary of State publications, including Rules of the Road booklets and informational pamphlets, will be available.

Letter to Editor

DON'T FORGET GIRLS
Editor:

As a reader of your paper I have an inquiry to make. Why is it that every week there is a two page spread on happenings at the Little League, pictures, standings etc? We also have a girls baseball league in Antioch and only once have I ever seen a two inch standing report on them.

I know the coaches of the girls teams give much of their summer up. And the girls are also hard-working players. Also as a mother of a girl, I haul my lawnchair out to the upper grade or sit on the ground two times a week to try to encourage our girls in Antioch, too.

We do not have fancy lighted diamonds, loud speakers, or concessions, but I think our girls play a heck of a good game and the coaches are very dedicated. I was wondering if maybe you aren't slighting them once in a while a picture or article in the paper would make them feel they, too were important.

I also spent eight years watching and encouraging a son through Minor League, Little League and Babe Ruth so I do know how important it was to him and how proud we were to see his teams in the paper.

I thoroughly enjoy your newspaper because it brings Antioch News to us without all the other towns mixed in.

I thank you for listening to my criticism and do hope to see a little recognition of our girls baseball teams.

OFFICER OF THE WEEK

HAROLD MASON

Mason is officer for 33 years

Officer Harold G. Mason would rather do his work police work than talk about it.

A patrolman for the Antioch Police Dept. since May, 1963, his answers to questions are to the point. He seemed anxious to get in his squad and back to work.

MASON IS DESCRIBED by one of his friends as a "bulldog." The friend added that he has a good sense of humor.

MASON HAS THE determination of a bulldog, a friend said. He also enjoys Mason's sense of humor.

In 1967 Mason was the police chief of Antioch and returned to the duties of a patrolman after that.

He said being a patrolman is "less of a hassle," with "less phones ringing at home." Mason has been on the force for 33 years and said, "I do what they pay me to do—protect people's life and property."

THE OFFICER JOKED that he became a police officer because he likes "to blow the

siren and run stop signs." He added in a serious tone, "Somebody has to do it (the job)."

The best part of his work is finding a little lost kid and returning the child to his or her parents, he said.

Other things he does are routine. "It's all part of the job."

A FISHERMAN in his spare time, Mason enjoys fishing in Lake Michigan.

He was born in Chicago and moved to Antioch about 18 years ago. He is married and has two children.

Interestingly, both children are also associated with police work, as are a few relatives.

His son is an Illinois State Trooper and his daughter is a store detective in southern Illinois.

"I just work hard," Mason said as he was getting in the squad car. "And I do work."

Environmental ed. program received by other districts

The environmental education program begun in the Antioch Grade School district has been introduced to one building school districts in the state as well as to Chicago schools.

The aim of the studies is to create a "value system consistent with sound use of the environment," said Michael D. Teeley, environmental education director. It also seeks to guide the children to be "more sensitive to the impact they make on their environment."

"KIDS CAN BE very effective members of their society," Teeley said. They don't have to wait until they

graduate from high school or college, he added.

Some students became interested in Sequoit Creek and attended a village board meeting to protest the proposed Sequoit Creek project.

The students learned to understand some of the harshness of the environment when they built a log cabin on school property.

The program is part of the Elementary and Secondary Education Act, which is a federal law "set up to channel federal dollars into local school districts," Teeley explained.

OTHER PROGRAMS un-

der the act include funding for free lunches, bilingual education and programs for the handicapped.

The environmental program falls under Section 4-C, which deals with innovative concepts in education.

The program received funding because it was evaluated as being "educationally significant," he said. Helping other school districts in the state to adopt the program was another reason.

THREE YEARS were spent developing it, which Teeley described as "extremely expensive."

Twenty-five different school districts and 250 teachers reviewed the material.

The result is a "fairly unique product" that has "proven very beneficial," he said.

The activities planned in the program are designed with the students in mind to "make learning fun," Teeley said. Giving them "hands on" experience helps them learn, he added.

The program brings together "a lot of different skills" learned in different classes to create something students can see.

STUDENTS ARE "in-

involved with problems that are generally within their reach," he said. "I think they get a great deal of satisfaction out of solving problems."

The program has been more successful in other districts than here, he said.

The hardest part is convincing teachers that it brings areas of the curriculum together without sacrificing basic math, reading and writing skills, he said.

In about one more year the success of introducing the program into other districts will be realized, Teeley said.

The concept is that after

five years Antioch "should be able to walk away from a district and the program will run," he added.

PEOPLE IN 37 states outside Illinois and three provinces in Canada have purchased materials, Teeley said of the program's impact.

It has received "rave notices from the Massachusetts Audubon Society," he added.

NOTHING HAPPENING

There were only minor accidents during the week and no major police action, said Antioch Police Chief Chuck Miller.

WAILING SAX—Bernie Gunty, co-owner of the New Norshore Resort, gets down during a Sunday evening Jam Session there. The stage is located behind the bar so customers and musicians can be in touch.

New Norshore Resort jams with live music

Hardly any lights are on in the large room with wooden beams on the ceiling. Behind the bar is a platform where the musicians play, as close to the customers as they can probably get.

Red and checkered table cloths dot the floor of the New Norshore Resort, now being remodeled by its new owners, Bernie Gunty and his son Dale.

IN THE CENTER of the table and chairs, there is an open space for dancing on the old wooden floor.

A sign hangs in the new walk in cooler of the resort's newly "overhauled" kitchen: "The New Norshore Resort, combining the memories of yesterday with the realities of today."

Bernie Gunty is seated at a table near the back of the building, where he talks about plans for the resort, located in Antioch on Lake Catherine.

Ownership of the Norshore was assumed by the two around the first of the year, Gunty said. They have been working seven days a week ever since.

THE REMODELING and furnishing of the entertainment area and promotion for the resort is taken care of by the father.

Dale takes on the responsibility of the day to day operations of the tavern and "related operations," Gunty added.

"The Norshore has been an area landmark for over 50 years and is filled with memories and nostalgia..." he said.

"Many, many well known area residents" have enjoyed themselves there.

THE NUMBER THREE Moose Lodge Rod and Gun Club, formerly of Chicago, still uses the resort as "home base" during the pheasant hunting season, he said.

The Moose lodge was the biggest in Chicago, with about 300 members, Gunty said.

The resort hosted the group, which now has about 155 active members, for the last pheasant season, he added.

The Guntys plan to restore the resort by having some of the old buildings that are beyond repair burned down by the fire department.

BESIDE THE TAVERN, the only other

building belonging to the resort which will remain is an apartment building next door.

"No one ever did anything on these buildings," Gunty said. He added that he hoped to improve the resort to make it "more attractive for the community."

"Any organization that wants to use it, they're welcome to it," he smiled and said.

Other plans include beginning the Friday fish fries the resort was known for.

While some work is yet to be completed, the resort is still open and is often packed on weekends.

ON SATURDAY NIGHTS American Dance orchestras play big band and other music from the World War II era.

Bernie Gunty's band, the Norshore Dance Quartet, often plays on Saturday nights. "I'd just as soon play for 100 local people who enjoy themselves," he said.

"Years ago...polka music was played on Saturday nights," he said. Now polkas are played only sometimes, but no rock and roll or country western is played.

Sundays at the resort are very comfortable, with up to 11 musicians present to play in the Sunday Jam Session, which has been written about in the National Jazz Magazine.

GUNTY SAID HE "knew a lot of good musicians that don't work on Sundays" who would be available to play because he has been a professional musician for over 30 years.

At 6 p.m. the entertainment begins and during intermission individual entertainers perform.

The Sunday night sessions are "a place where the musicians can entertain and let their hair down," he said.

One of the musicians is 72 year old Hal Benson, a piano player who played with many well-known musicians, including Tommy Dorsey.

JAZZ AND DIXIELAND music are most often played during the jam session, although there may be some big band music.

"Many bar owners in the area close their bars and bring their customers over here," Gunty said.

Tami Dyson is Buckskin Queen

Tami Dyson has been chosen queen of the Fox River Buckskin Assn. and will represent the group at their national convention in Lafayette, Ind.

Tami, an 18 year old, has been riding horses since the summer before seventh grade, she said. The next Christmas she received her first horse as a present.

Since then it has been a lot of practice and dedication which have made her successful in the many 4-H and horse clubs she belongs to.

ROWS AND ROWS of ribbons are lined up in the barn where the horses, a goat and ducks are kept.

More than one hundred trophies are shown in the family den, all the result of Tami's achievements.

The Antioch equestrian will be judged on her riding ability, horsemanship, appearance and congeniality.

During the show she will ride English and Western styles for three minutes each. In that short time she must be able to show her ability.

WHEN TAMI WAS chosen queen for the FRBA, she was

"really surprised, happy and relieved."

The horse she will be riding for the national show is affectionately called Baby Huey, although his real name is Beat Em.

He is triple registered—with the American Quarterhorse Assn., International Buckskin Horse Assn. and American Buckskin Horse Assn.

An athletic person, Tami puts a lot of time into keeping herself fit and riding her horse.

A RESPECT FOR animals seems to give her an extra ability in riding.

Her second horse was described as a "humane case" because her family rescued it when it would have been destroyed by the Humane Society.

It was about 250 pounds underweight, had a disease and an abscess on its head. Because it received lots of care and love, the horse is healthy today.

Tami works hard to prepare for each show she is in.

"TO DO WELL in shows,

you have to practice every day," Tami said. "You have to keep your horse and your riding abilities in shape."

A lot of the knowledge she has about horses was gained by being around people interested in horses and asking a lot of questions, she said.

"The shows get you in touch with a lot of different people," Tami added.

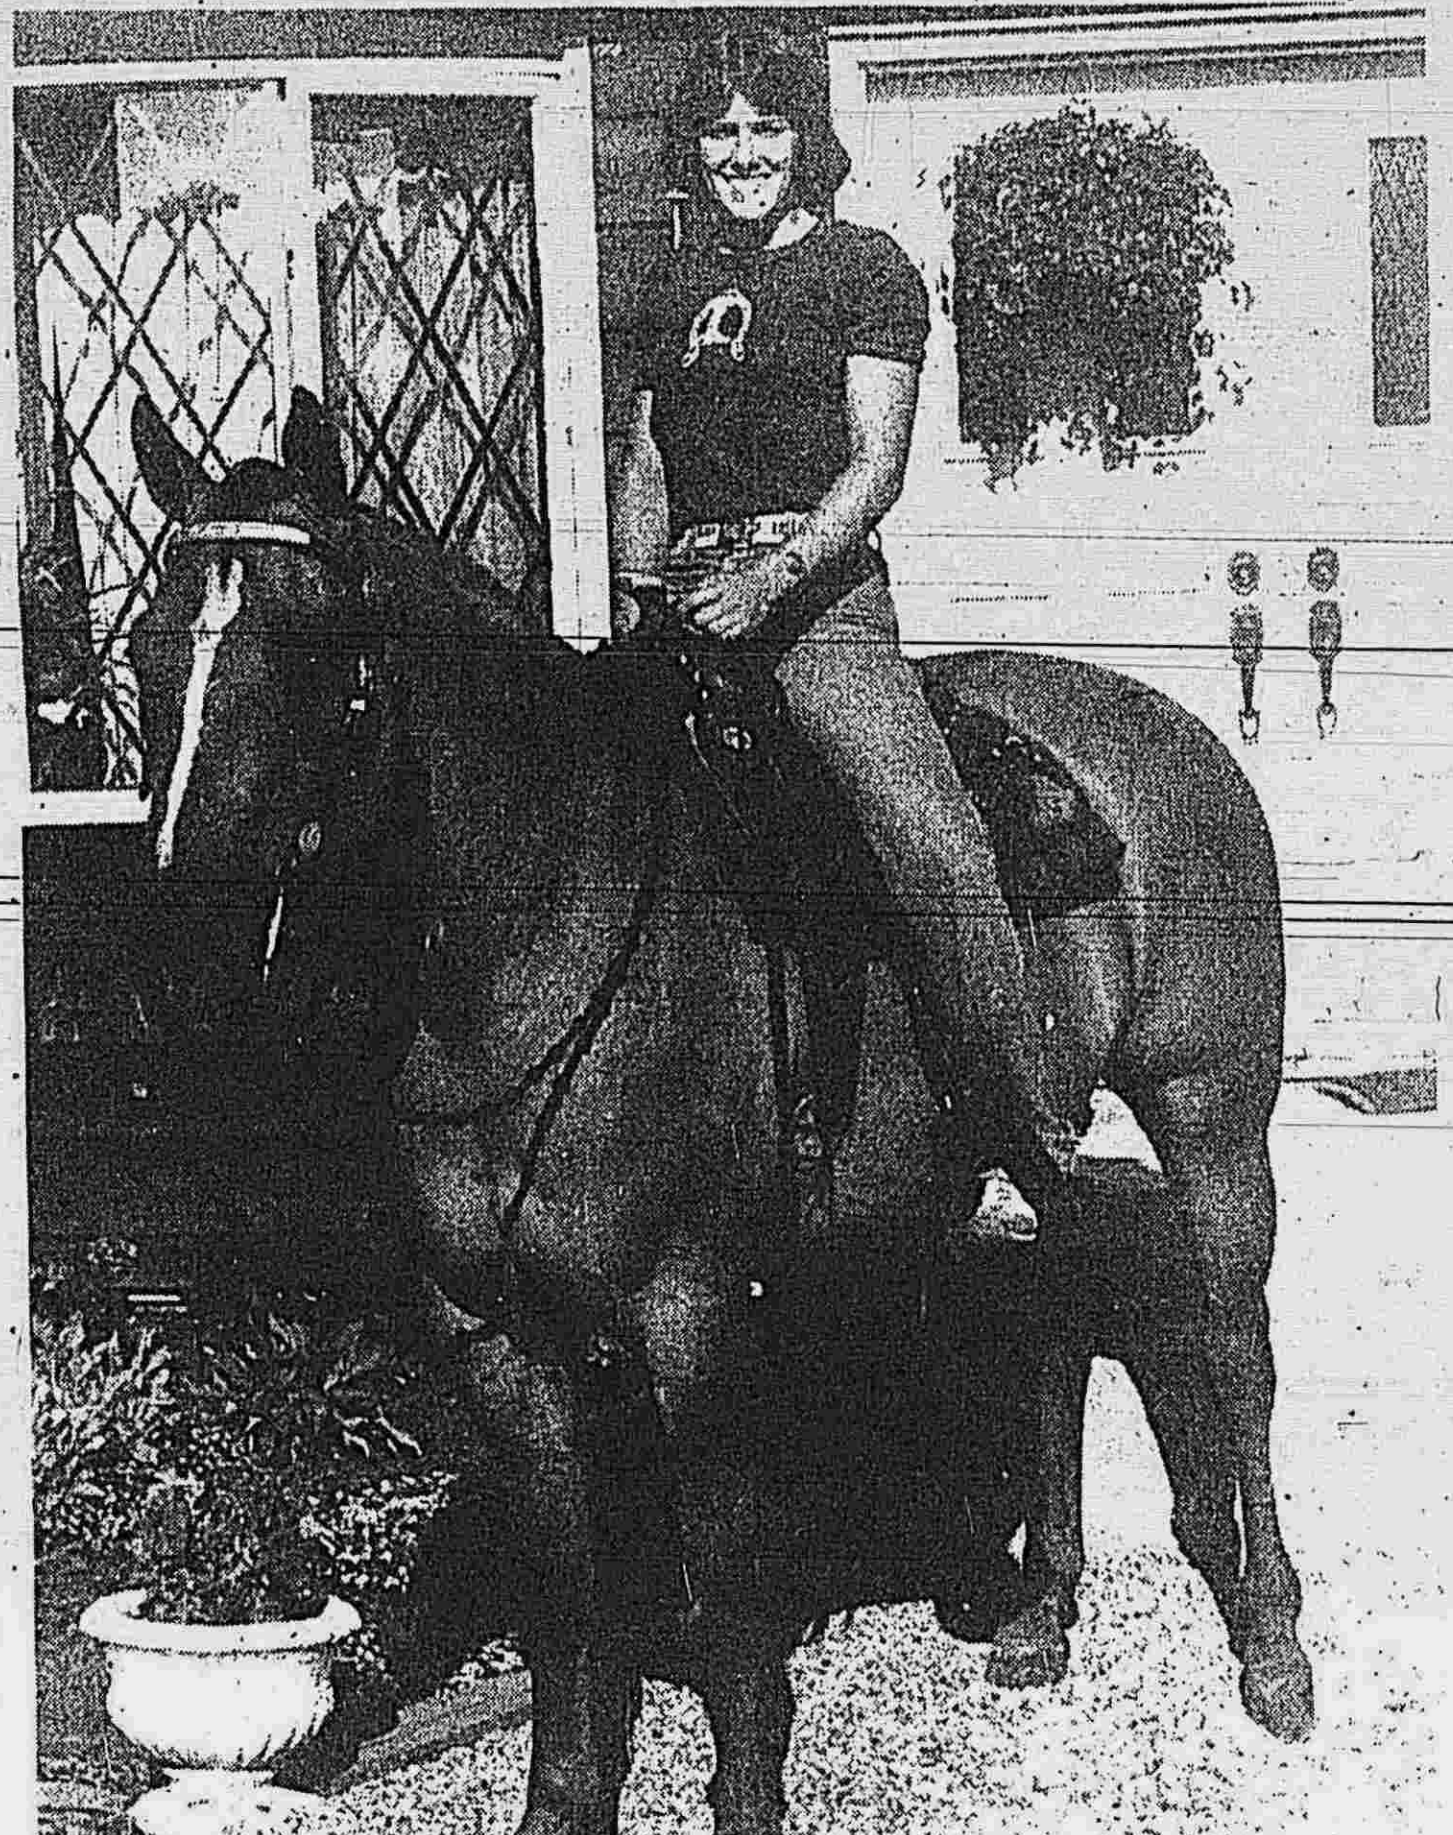

Tami said she is especially grateful for all the help she has received from her parents, who she said were "very supportive."

"I wouldn't be able to do it without their help," she said.

COMING FROM a caring family that has taken in five foster children at different times and several stray animals, Tami hopes to enter a helping profession.

She will major in nutrition at Illinois State University this fall, where she will use the dedication she has learned from her other ventures.

Tami is the daughter of Willie and Tom Dyson who moved to Antioch one and a half years ago. She has two older brothers no longer living at home.

IEA elects Gerasch

Teachers in Region Five of the Illinois Education Assn. have recently elected Suzanne Gerasch to the position of Region Five Chairperson.

Elected for a three-year term, she will serve as official spokesperson for IEA members in Region five, which covers most of Lake County. As chairperson, who will also represent the region on the Board of Directors of IEA.

A NATIVE of McHenry,

Ms. Gerasch currently teaches English at Antioch Community High School, where she has been active in IEA activities for the past 10 years.

During this time, she has functioned as treasurer, vice-president, and president of the Antioch Community High School Education Assn. For the past three years, she has been a member of the teachers' negotiating team. Ad-

ditionally, she has represented her local and Region Five at numerous state and national assemblies of the IEA and the National Education Association.

Ms. Gerasch assumes the position of Region five Chairperson effective July 15.

Also elected to serve as Region Five vice-chairperson is Joan Reese, a second grade teacher at Jefferson School in Mundelein.

All the fine merchants that made donations, Jim Fields and Antioch Township and most of all our fantastic community that supported this successful event that will be held again next year, and to the greatest sportsman ever, Dan Haley.

Moose women receive guests

by ANITA WISNIEWSKI
Senior Regent Mary Galster welcomed over 120 co-workers, Loyal Order of Moose and guests to the open enrollment of new members. Four new co-workers were enrolled in honor of College of Regents Chairman, Gladys Schroeder. They were Elaine Weber sponsored by Rose Dunaj, Alice Mellen sponsored by Louise Imbergia, Betty Wikstrom sponsored by Marge Hansen and Mardette Scheske sponsored by Judy Page. Officer's and chairman's chairs were all filled by visiting collegians and we all enjoyed a very interesting talk from Past Deputy Grand Regent Marianna Koehler.

Filling officer chairs for the evening were Senior Regent Sally Lubeno, Wauconda; Jr. Graduate Regent Dorothy Hayner, Fox Lake; Junior Regent Carol Fournier, Chicago Southwest; Chaplain Dorothy Balabon, Bridgeview; Treasurer Iona Craynor, Waukegan; Argus Arylan Harlow, Zion Benton; Sentinel Betty Foster, Summerdale; Guide Elinor Francisco, Wauconda and Asst. Guide Dorothy Tucker, Des Plaines.

These guest officers performed the ritual for the enrollment of new members. One of the highlights of the evening was when Karen Bartuska was invested with the Red Stole of distinction to complete her College of Regents regalia. Presentation officer was Collegian Judy Page. The second one was when new Collegian Norma Lowe told us about her trip to Mooseheart. She thanked all the co-workers for helping her earn this coveted degree.

It is not generally known in our community but the Moose Fraternity is an in-

ternational one. We were therefore delighted to welcome visitors from Bristol, England, Arthur and Hazel Nuttal and their daughters, Mary and Helen. Mr. Nuttal belongs to Nailsea Lodge No. 285.

They were in our area for a short visit and on Saturday evening enjoyed the hospitality of Dick and Judith Kelly. They were also able to join with us in our annual picnic. Our next meeting will be on Thursday, August 2 and it will be formal dress.

WAITING FOR THE RACE—Mary Mattson, left, ming up for the Antioch Roadrace. The girls were Deanna Ware, Peggy Page and Gail Plechaty are war- members of the Antioch Community High School team.

'Pippin' to open on July 27 at ACHS

The first two performances of "Pippin," PM&L's summer musical comedy, will be given this Friday and Saturday nights, July 27 and 28, at the Antioch Community High School.

Two more presentations are scheduled for next weekend, August 3 and 4. Curtain time for all four shows is 8:30 p.m.

"Pippin" is being staged at the high school because the PM&L Theater is closed for remodeling and repairs during the summer.

The PM&L production of this fast-moving and colorful musical is directed by Ken Smouse and has a large cast of youthful and talented actors, singers, and dancers. Especially noteworthy among the performers are Mike Petersen of Gurnee and Tricia Schaefer of Grayslake, who play leading roles in Roger O. Hirson's magical tale of the days of King Charlemagne.

Mike Petersen, who portrays the King's son, Pippin should be well-known to Antioch-area audiences. He was seen in the PM&L productions of "My Fair Lady" and "Anything Goes," and he was in the Fools' Players' presentation of "Godspell." Currently, he may also be seen at Marriott's Great America, where he performs in the Silver Screen Show.

Mike feels especially involved in Pippin's restless quest for fulfillment because that search in a sense parallels Mike's own reaching out in this stage of his development for new and greater experiences and achievements. At a transitional phase in his education, Mike will be entering Oberlin College in Ohio next fall.

Tricia Schaefer, who is cast as the Leading Player, is also well-known and well-liked by Antioch theater-goers. She has had feature roles in the PM&L productions of "The Crucible," "Anything Goes," "My Fair Lady," and "Something's A-Foot." She also played the title role in the Pullman Players' staging of "Gypsy," and was seen and heard in the American Repertory Theater System's presentation of "Plaza Suite" and the Fools' Players' production of "Amahl and the Night Visitors."

Tricia is currently the Office Manager of the Academy Festival Theatre at Barat College in Lake Forest. Against

this impressive background, Tricia considers her part in "Pippin" to be the most challenging role she has ever had. She is excited by her participation in this modern musical, a distinct break from the frequently-seen traditional musical comedies. She puts a great deal of fun into her portrayal of the Leading Player, and she expects to have a high level of involvement with the audience.

"Pippin" is an established hit and a major experience. Make your reservations to see it by calling 395-3055.

Local merchants are getting set to bring out their wares for Maxwell St. Days, August 2, 3 and 4.

It was good to see so many people at Antioch events this past week.

The roadrace was such a success that it will be held again next year. There were 110 runners in the 5,000 and 10,000 meter races.

FAMILY AND FRIENDS enjoyed 'Music in the park' when the Antioch grade school bands performed.

Although most people who attended were from Antioch, one family brought visitors from as far away as Hong Kong.

Don't forget PM&L's opening dates for the musical comedy 'Pippin' this weekend.

The play will be held at 8:30 p.m. July 27 and 28 at the Antioch Community High School, which is air conditioned.

Congratulations to Bill and Diana Engquist on the birth of their infant, Wayne Peter.

HE WAS BORN June 12 in Landstuhl, West Germany and weighed 7 pounds, 10 ounces.

Wayne's proud grandparents are Mr. and Mrs. Ken Rentner of Antioch and Mrs. William Engquist of Ft. Gordon, Georgia.

Great grandparents are Mr. and Mrs. Henry Rentner, also of Antioch.

Waiting at home in West Germany to greet Wayne were his sister Kathy and brother Michael.

Watch for the new look at the M&S Real Estate and Insurance Co. which has red carpeting and a red awning to match. The office is located at 881 Main St. and people are invited to stop by.

Temporary employees sought for census

The U.S. Census Bureau has a number of temporary jobs open during the next few weeks in Antioch and Lake Counties to help prepare address lists for use during the 1980 census.

Temporary census workers usually will work three to four weeks each and will be paid on a per-address collected basis. For an eight-hour day, the average

worker will earn \$27 to \$30 plus 17 cents per-mile for any driving done in a private vehicle. Applicants for the jobs must be 18 years old or over, a U.S. citizen, and pass a written test.

The work involves driving or walking to compile lists of addresses of each dwelling unit in designated areas of the county. These address lists will play a vital role in taking the 1980 census.

They will be used to produce mailing labels for the census questionnaires to be sent to each household in America on March 28, 1980. Then, a few weeks following the April 1 Census Day, census officials will use the address lists to determine which households have not returned their completed questionnaires.

Census takers must then be sent to each non-responding household to collect the information required on the census form.

The 1979 address collection activity in the county is part of a Census Bureau program involving 35,000 temporary workers nationwide to compile lists containing approximately 30 million addresses. Another 50 million addresses have been purchased from commercial mailing list companies.

The Census Bureau is an equal opportunity employer.

The test will be given at 10 a.m. July 27 at the Antioch Village Hall. For more information, call 353-7967 days or 967-7580 nights.

Antioch and Lake County residents interested in applying for the temporary census jobs should contact the Census Prelist Operation, U.S. Custom House, Room 815, 610 South Canal St., Chicago, 60607.

Theatre seeks players

Auditions for 'Black Comedy', the first play of PM&L's Season 19, will be held on August 6 and 7 at 7:30 p.m. at the PM&L Theatre, 877 Main St., Antioch.

'Black Comedy' will be presented Sept. 22, 27, 28 and Oct. 5 and 6.

'Black Comedy' is a hilarious English comedy about "what happened when the lights went out." Rae Johansson from Fox Lake is directing. Five men and three women are needed.

SHED SOME LIGHT

Cost and placement of lights requested at the entrance of Jensen Park and the Scout House in Antioch will be explained to the village board at its next meeting.

The Outdoor Woodsman

"It's done with beautiful, easy-working, long-lasting Outdoor® Wood.

It's maintenance-free fences, walkways, planters and benches.

And summer houses for all seasons.

And decks, patios, or porches that never need painting.

Getting started is as easy as getting down to your lumber dealer's for my free Outdoor Woodsman building plans. And, of course, the Outdoor Wood you'll need to build 'em.

Outdoor Wood is the ideal wood for anything you build out-of-doors. It's deep pressure-treated with Wolman® preservatives to protect itself against rot and termites. For a lifetime.

You can stain or paint it, if you want to. But, if you don't want to, the wood will weather to a natural gray that blends in beautifully with your landscaping.

That's lumber-scaping. And that's living."

FINANCIAL NEWS

by
Phil
Schaub

Legally, anyone who is legally competent can be a trustee. Who should be a trustee? Only someone who is extremely careful and trustworthy should be a trustee. Another, very important thing to consider in choosing a trustee, is how long he will be around. If your trustee resigns, moves away, or dies, you have a big problem on your hands.

There are professional, corporate trustees whose only business is holding other people's property. Some banks also have trust departments that operate along the same lines. When a company sets itself up to be a professional trustee, it comes under careful state supervision just like any other institution that holds other people's property, such as a bank or a Savings and Loan.

When you name an individual as trustee, you are relying on his personal integrity. When you name a corporate trustee, you are relying on the personal integrity of the officers and on the careful supervision they get from the state. A professional corporate trustee has to have demonstrated fiscal integrity and capability before the company can even open shop. A personal trustee would probably do the job just as well in most cases. The main difference between a personal trustee and a corporate trustee is that the corporation will never retire, move away, or die.

The difference between a personal trustee and a corporate trustee becomes more important if you want more than just trustee ownership. You might want the trustee to manage assets for your heirs until they come of age or you might want the trustee to manage assets for you simply to make your life easier. If you want your property managed as well as held in trust, a corporate trustee may be far superior to a personal trustee because he does nothing else. A personal trustee usually is a trustee only incidentally. His primary occupation is in some other area. A professional trustee does nothing but act as a trustee. He spends full time managing people's assets.

CARRIE CORSO

Carrie Corso top female athlete

by MICHAEL H. BABICZ

Carrie Corso of Antioch won the female portion of the competition for the Daniel Wright President's Cup conducted by the Lake County Forest Preserve District.

The cup signifies the top female athlete in Lake County.

The Antioch High School Senior accumulated 254.5 points out of a possible 300 in winning the title.

Finishing second was Grayslake's Cindy Zender with 215 and Wauconda's Jamie Keagle with 211.

THE 17-YEAR-OLD cross country and track runner participated in four events during the day's competition held at Lakewood Forest Preserve.

Representing the Antioch Parks and Recreation Dept., she won the two-mile cross country run, was one of two girls to complete the pole climb and completed the Bruce Jenner Physical Trail and the row-boat race.

The most difficult overall event for most of the girls who participated was the pole climb, however, Ms. Corso sighted the Jenner

Trail as giving her the most problems.

THE TRAIL CONSISTS of running through a course with various stops along the way. At each stop, certain exercises must be performed with points awarded for how many repetitions an individual completes.

"The parallel bars were the hardest for everybody," she related. "They became slick from sweat and it also began to rain."

"Tom Brown was the only one to get across the bars," she said. Brown, of Wauconda, won the men's portion of the competition accumulating an amazing 294 of the possible 300 points.

"The situps were also hard for me," she confessed "I only completed eight of a possible 20."

Other types of exercises included doing 60 pushups, which Ms. Corso completed, climbing across a rope, leg lifts, an leg lifts on an incline board.

Ms. Corso is the daughter of Bernie and Robert Corso of Felter's Subdivision in Antioch. She is employed during the summer at Barnstable's and Left Bank clothing stores in Antioch.

Kristan, Zeisse win wild Wilmot night

Joe Kristan, Waukegan won his fourth super modified stock car feature race of the season at the Kenosha County Speedway, Saturday night.

The 25 lap feature win gave him one more than that of point leader Darrell Dodd who finished third in the feature event.

Kristan's win came following a second 10 lap heat race collision between his car and that of John Tierney. Tierney's car flipped and both were doubtful starters for the feature race.

Following the collision, Kristan confronted Tierney in a dispute but order was quickly restored by other drivers and track officials.

THE SERIOUSNESS of the confrontation is being considered by Speedway Management and a decision will be announced later this week regarding any disciplinary action.

Prior to Kristan's charge into the lead, Dick Colburn had been the leader and held on to finish second.

Bob Robel was fourth and fast time qualifier Joe Fote was fifth.

Heat race winners were Dennis Spitz, Kenosha, Dodd and Colburn.

Bruce Young won the 15 lap modified stock car feature and David Schmidt won the heat race.

THE LATE MODEL sportsman 20 lap feature race winner was Ken Zeisse, Union Grove who earlier won a 10 lap heat race.

All feature race winners received checks and trophies

from the Ralph Nudi AMC-Jeep Agency in Kenosha. Shelly Nudi of Lancaster, Ca. presented the trophies.

Tom Banfield set fast time for the spectator stock cars then switched to his teammates care and won the 15 lap feature.

Toft Auto Racing has set the schedule for auto racing events for the annual Kenosha County Fair, Wilmot.

The fair will open on Wednesday, August 8 and in action for the grandstand show in the evening will be the Fourth Annual Fair Time Auto Demolition Derby. Drivers in all types of automobiles will be turned loose to crash and destroy the cars of others while attempting to save their own.

There will be elimination events which will halt the action with three cars remaining. These three cars from the preliminaries will make up a 20 or more main event field with a top cash payout of \$1500. The lone car still able to drive will earn \$300 of this amount for the driver.

On Saturday and Sunday, August 11 and 12, the super-modifieds, modifieds, late model sportsman and spectator stock cars will be in action on the third mile clay oval.

State Bank hands Eggman's first loss

State Bank of Antioch upset Eggman's Pub 10-7 in the Tuesday night Men's 12" league at Dug Out Park in Trevor.

The Bank was led by Bill Groeninger who was a perfect four for four at the plate.

Glen Stilke provided the game winning blow, a two run blast over the leftfield fence to win the game in the final inning.

Going three for four for the Bank were Glen Hendrickson, Rich and Bill Albano and Bill Severson.

Ken Wermeling was the winning pitcher for the Bank.

The Dug Out still has openings for their 16" Invitational this weekend, July 28 and 29.

The next 12" tourney will be the annual Bi-State Tourney Aug. 11 and 12. The tournament will feature opening round games between teams from Wisconsin and Illinois.

Clarke Outdoor Spraying begins phase two

Clarke Outdoor Spraying Company has now started phase two of the mosquito control program in Antioch.

During phase one, a survey of all potential breeding sites was completed and the

first larvicide application to all designated breeding areas was made by helicopter.

Monitoring of local rainfall and temperature was started and the light trap net-

work began operating three nights per week. Also, the "Mosquito Hot-Line" went into operation during this phase with any citizen questions relative to mosquito control being answered immediately.

As part of the second phase, inspection of breeding areas has started and the second larvicide treatment by helicopter is under way. This is followed by an emulsion treatment of open street catchbasins and culverts to prevent breeding of disease vector

mosquitoes.

The well-planned mosquito control program has quickly become an exact, sophisticated science. Larviciding controls the stage of the mosquito called the larva or wiggler which lives in the water. The use of helicopters in this phase is most effective.

However, no larval control program will eliminate 100% of the larvae. Those larvae which escape from treated areas to become flying adults, or those flying in from outlying areas can bite people and transmit disease.

Larviciding must be supplemented with an adulticiding program.

The newest method of adulticiding used by Clarke is the Ultra Low Volume technique. The truck mounted ULV sprayer forces a "Jet Blast" of air through a special nozzle that shatters the insecticide into a mist consisting of microscopic particles. The small particle size allows the ULV mist to drift and penetrate dense vegetation.

Samples of mosquito larvae collected from breeding sites and adult mosquitoes

caught in light traps are all analyzed by a biologist and entomologist in the Clarke laboratory. Knowing the species of mosquitoes and their relative numbers provides data key to their abatement in our local area.

To offer the best service possible, again the Clarke Company maintains a Citizen Response System for local communities called the "Mosquito Hot-Line" answering any questions relative to mosquito control. Toll-free calls to (800) 942-2555 will bring answers to any pesty questions.

Happenings

Come and spend an hour walking through a very unique plant community. Volo Bog is the only bog in Illinois with an open water zone.

A boardwalk is present that enables people to walk across a marsh and over a sedge mat to reach the center of the bog. Cinnamon ferns, orchids, and tamaracks are among the interesting plants that can be seen here.

The site interpreters (or naturalists) will be conducting tours for the public at 10 a.m. and 2 p.m. every Sunday during the summer months. Any group wishing to visit the bog is encouraged to arrange for a private tour.

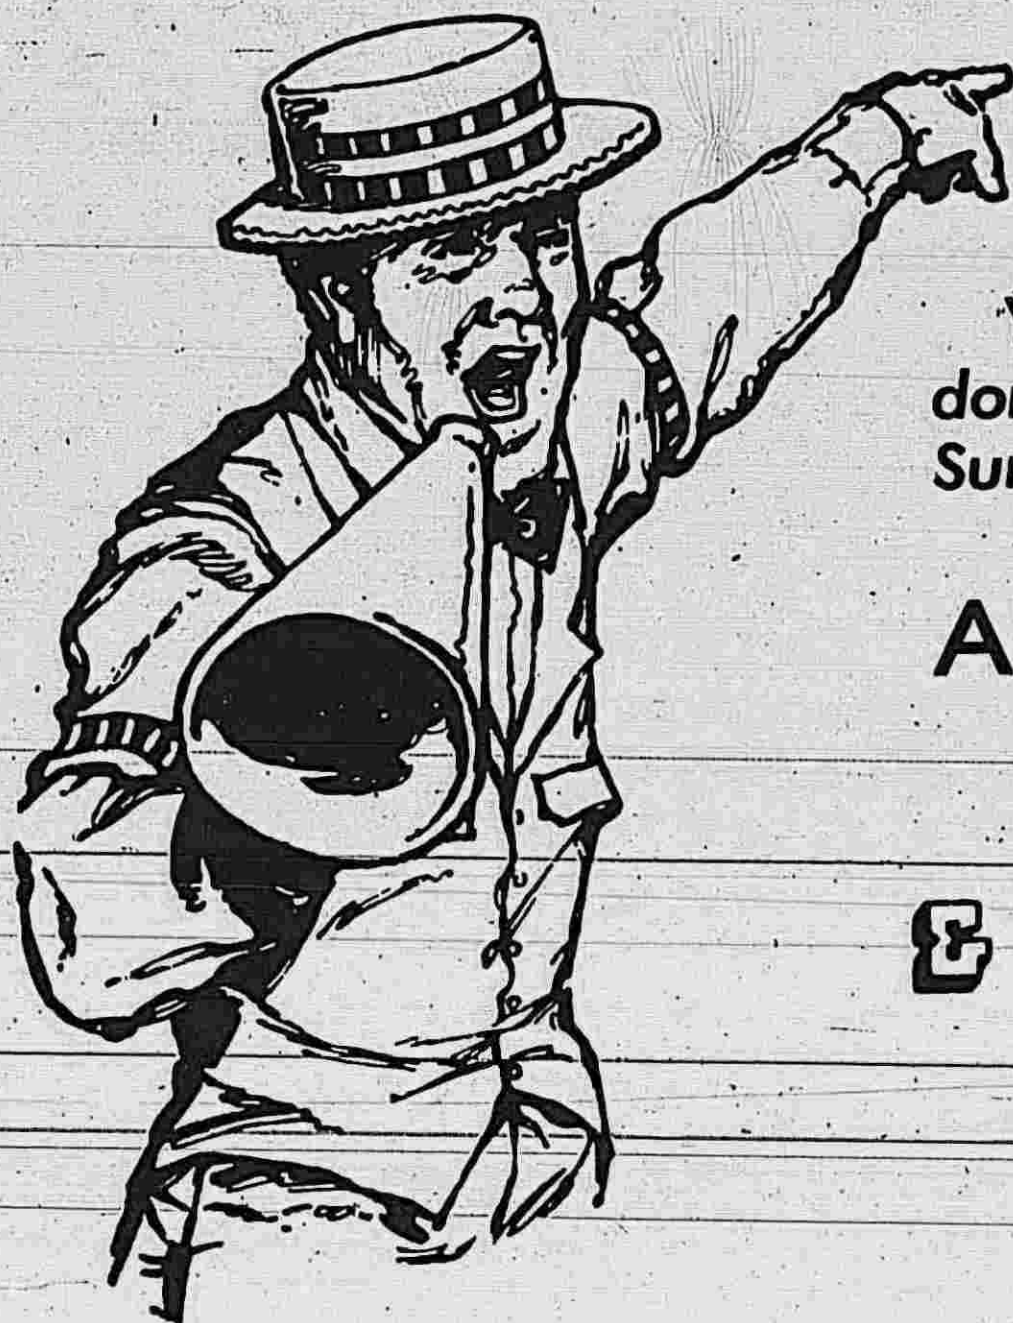

The bog is open daily from 8 a.m. until 6 p.m. through Labor Day weekend. There are two State Parks near Volo Bog available for picnicking or other forms of recreation.

RECEIVES DEGREE

Dennis Alan Thain received a bachelor of science degree in engineering from Washington University in St. Louis, Mo. Thain is the son of Dr. Alan L. Thain, 24077 W. N. Hawthorn, Antioch.

To reach the Bog, take Rte. 12 south from Fox Lake to Sullivan Lake Rd. Drive west on Sullivan Lake Rd., 1 1/2 miles then turn right to the bog entrance. Tours will begin in the parking lot. For further information and tours call (815) 344-1294.

Zegler visits Brenda Star

Allan Zegler, 14, a student of Antioch High School, was a guest of Dale Messick, creator of the popular comic strip "Brenda Starr" at her studio on Chicago's Gold

Coast.

Ms. Messick has been the Creator of "Brenda Starr" and affiliated with the Chicago Tribune for 39 years. She became aware of

Allan Zegler's talent when Ruth McKenzie, Allan's 5th Grade teacher at Grass Lake School, showed her some of his work.

Allan has had no formal art training, other than his art teacher at Grass Lake School Mrs. Mary Bicanic and his past three years experience in the Chain-of-Lakes 4-H club under the direction of Jan Steitz.

His natural ability to capture perfect proportion in his drawings caught the eye of this famous artist. A promising career is hoped for this very talented young man.

Allan is the son of Mr. and Mrs. James Zegler, Simon Ct., Antioch.

Goofers give scores

Antioch's career gals Monday Night Goofers (Golfers) began their second half of the season with the girls on the A Flight and B Flight in the following standings:

A FLIGHT

	PTS.
Chris Coolidge	12
Carol Bushing	11
Phyllis Lindquist	10
Maggie Murphy	9½
Jean Rockow	9
Dixie Redding	7
Louise Johnson	7
Carolyn Blanchette	6½

B FLIGHT

	PTS.
Phyllis Kapischke	15½
Shirley Gutowski	11½
Mary Ellen Rausch	8½
Dolly Radke	8
Nanci Ahlquist	8

Most improved player on the A Flight is Carol Bushing. On the B Flight Nanci Ahlquist has shown the most improvement. The girls would like to thank Foremost Liquors for their donations for prizes.

Viking football sees new faces

Antioch Viking Football registration seems to be going well.

"There are a lot of new kids this year," said Viking secretary Don Poulter.

His personal opinion is that "it's going to be a good season," he added.

THERE WILL BE eight teams this year, Poulter said. Six featherweight teams will play among one another.

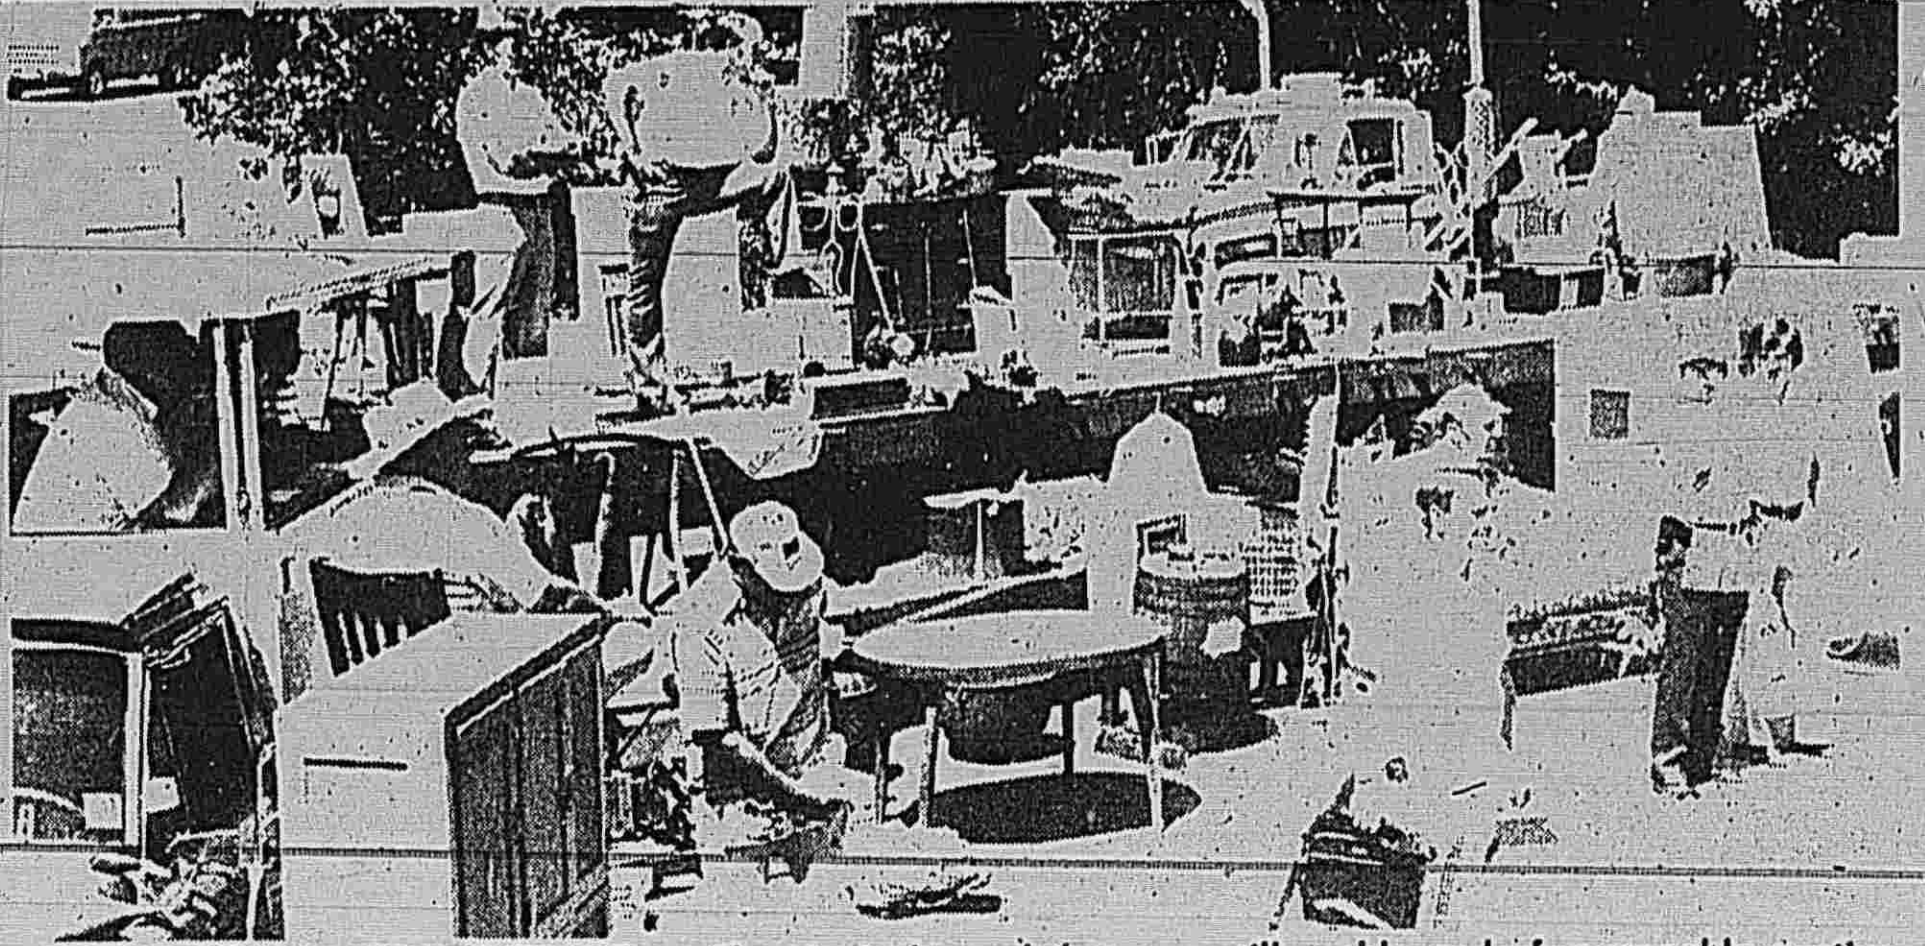

The heavyweight and lightweight teams will travel to other northern Illinois towns to participate in the Junior Football League.

The next registration will take place August 3 from 6 to 9 p.m. and August 4 from 9 a.m. to noon at the Antioch Scout House.

REGISTRATION WILL also be accepted for girls interested in cheerleading.

On Saturday, Sept. 1 the Vikings will participate in the Antioch High School Football Days "where all teams come out and show what's going on," Poulter explained.

Short scrimmage and inter-squad games will be played.

RESCUE SQUAD SEEKS SUPPORT — The Antioch Rescue Squad needs your help! You can support it by donating items to be auctioned off on Sunday, August 5 at this year's Annual Lions Club Picnic and Chicken Barbeque. Pictured above is a scene from last year's auction. All the items shown were donated by individuals who had searched their garages, attics, and basements for anything that they no longer needed

and that was still usable and of reasonable auction value. Take this opportunity to clear out all those things you no longer have any use for and that have auction value. The proceeds all go to the Antioch Rescue Squad. Please call the Village Hall at 395-1000 or the Township Office at 395-3378, for pick-up of any items you would like to donate.

Undelivered refund checks wait to be claimed

Undelivered Federal tax refund checks for some Northern Illinois taxpayers are waiting to be claimed, the Internal Revenue Service said.

Many of these checks remain undelivered because taxpayers have moved and left no forwarding address with the U.S. Postal Service,

according to the IRS.

Taxpayers who filed on time and still have not received their 1978 tax refunds should check with the IRS as soon as possible, because refund delays can also be caused by lost or stolen checks. If this is the case, the IRS can put tracers on the

missing checks.

Other refund delays are caused by errors or omissions on the tax return, such as illegible names or addresses.

In all refund inquiries, the IRS said, taxpayers should provide the names and addresses as they appear on

the return, the actual names and addresses if different, the social security numbers, and the type of forms filed.

Under most circumstances, an undelivered refund check can be reissued to the new address and received within two weeks.

"Better than interest on checking"

Want to reduce your cost of monthly check writing? With Smart Saver, you can. If you keep both your savings account and your checking account with us, we'll reduce the cost of your checking account. For most people, this is better than earning interest on checking.

IT'S SMARTER TO DO ALL YOUR BANKING WITH US
Some people keep their checking at one bank and their savings account elsewhere. With the Smart Saver Checking Account, it is smarter to keep both checking and savings with us. Because with the Smart Saver Checking Account, your savings earns interest and qualifies you for discount on your checking account cost. So, your savings account is working doubly hard for you—earning interest and reducing checking costs!

IT'S MORE CONVENIENT, TOO
Smart Saver will also save you time. No longer will you have to run from one financial institution to another. With Smart Saver, you've got all your accounts in one convenient place.
